PERSONAL DETAILS

Date of birth
12 Nov 1994

Nationality
Cambodian

Marital status
Married

ABOUT ME

I'm a curious and driven developer who loves turning ideas into powerful digital solutions. With hands-on experience in Laravel, serverless architecture, and front-end frameworks, I'm always exploring new technologies to create smarter, more efficient systems. I believe the future of software lies in automation, AI integration, and seamless user experience.
